Dear Friends of The Family Place,

A friend asked me recently what I was most proud of about the past 40 years of The Family Place. It’s impossible for me to choose a single achievement. So many friends, communities, and most of all participating families have touched me profoundly with their faith, commitment, and accomplishments.

When we opened The Family Place in 1980, we only had a $5,000 gift from the 8th Day Church, but Joe Citro risked coming anyway, all the way from New Jersey to be our first Executive Director. Our first charitable foundation grant in early 1981 from the Eugene and Agnes Meyer Foundation we saw as affirmation that our call to serve young families with wrap-around services (a novel idea at the time) was worth pursuing. That first year we had 97 babies born to us, with an average birth weight of 7 lbs 6 oz. An astonishing outcome!

Financial challenges have come and gone on a regular basis. But always we had faith that resources would be given if we stayed the course. They were given! In some crises we were advised to close, but the board and mission group said no; there was a real sense that God wanted us to continue. In 1998, for example, during one such crisis, a focus group of participants revealed that our families identified The Family Place as the agency that was the most responsive to their needs. They saw Family Place as their home away from home. If we needed encouragement to keep going, this was it. And the money came to meet our needs and more than our immediate needs. For example, a large gift from a board member enabled us to pay off the mortgage on the row house on 16th St that we bought in 1986 and still occupy. All through its 40 years, individuals, places of worship, philanthropic organizations, and our city agencies have come to share our vision that education, support and services to families with young children are key for both them and our country to thrive.
I am proud and grateful for the wonderful staff, board, advisory groups, and volunteers who have blessed Family Place through the years. Haley Wiggins stands out now for her leadership in bringing to birth our new Charter School. The School is adding a much needed dimension, its goal to improve families’ stability and economic well-being. Haley has worked tirelessly with our indomitable staff and families during this pandemic. Not only are they keeping our educational mission on track, but they have been finding ways to help families with food, rent, utilities, and other necessities.

We are a Family Place and I would be remiss in not thanking my own family who have supported The Family Place right from the start. I am especially proud that my son, Michael, is bringing all his experience and talent as an educator to serve as Chair of the Board for The Family Place Public Charter School.

Going forward, I have a dream that The Family Place will form a strong alumni/ae association that focuses on issues that people can address out of their lived experience: systems that limit opportunity for themselves and their kids. The group could press for a living wage, paid leave, universal preschool and parent support, adequate investment in housing and safe play spaces, education opportunities, transportation improvements, immigration reform. The list is long, but in The Family Place’s next 40 years we can help fix the systems so that we really can live in a cared-for, beloved community.

A generation of “Family Place babies” have now grown to adulthood. All of us are honored and privileged to have played a supporting role in their growth and development. The Family Place pledges our continuing devotion to them and their children.

FULL CIRCLE
The Family Place, together with its partner, The Family Place Public Charter School, creates a virtuous circle that prepares children for success in school and provides parents with the skills needed to achieve their education and literacy goals, economic self-sufficiency, and community connectedness. It also enables each young child to achieve developmental, physical, and cognitive success. Thanks to our innovative model, our clients benefit from shared leadership, facilities, and resources, enabling them to pass seamlessly through the separate organizations to benefit from all services. Our 2 Agencies-2 Generational infrastructure results in a one-of-its-kind learning community in which all learners are teachers and all teachers are learners. Each person takes responsibility for ensuring the optimal learning environment.

TFP established The Family Place Public Charter School (TFPPCS) in 2017 to provide sustainable funding for its adult education and training programs. The school opened to students in fall 2018 and provides high quality English as a Second Language (ESL), Foundations of Literacy (Spanish Literacy), and Child Development Credential (CDA) classes to TFP clients. TFP, has nearly 40 years’ experience serving the target population. Together, the partnership is formidable and cannot help but be successful.
Glenda’s Story

I joined The Family Place in 2018 and I’m currently a participant of the HIPPY (Home Instruction for Parents of Preschool Youngsters) program. Even though this has been a challenging year, my HIPPY home visitor has made it easier for us to continue to receive the wonderful benefits of these services. She has come to deliver the materials to my door, always keeping social distancing and following guidance to keep my family safe. At the moment we cannot meet in person for our working sessions. However, she provides all the support we need to use online communication tools. Now we hold Zoom meetings with my visitor and other parents.

HIPPY is such a wonderful program for preschool children in their educational progress. It is also great for parents to have a better idea of how to support our children when they go to a public school. I’m truly grateful to be able to count on my HIPPY home visitor through these difficult times. Many of us, Hispanic immigrants who don’t speak English, need these resources and TFP has been a great support to us.

Volunteer Spotlight!

Meet Jaime and Maria: Two amazing volunteers who have been supporting our families for over a decade.

In 2006, Jaime approached The Family Place with the idea of establishing a free Spanish literacy program, Plaza Comunitaria, in the evenings for low-income Latino immigrants. Maria joined the small cadre of Plaza Comunitaria volunteers later that year. After nearly 10 years of success, Jaime and Maria started a citizenship preparation class at TFP. They specifically designed the citizenship curriculum to meet the needs of the low-literacy level of the student population. Over the past 5-years Maria and Jamie have helped numerous individuals gain citizenship. We are so grateful for their immeasurable contributions.

We envisioned the Citizenship course as an important next step in helping the students become full participants in our democracy.

-Mari-

The accomplishments of a few individuals have a ripple effect in the community, demonstrating that “si, se puede, you can do it!”

-Jaime-
